I do a report in the matter

It is stated that 18 houses belonging
to Adijambharas residents of Nanjangud town have
been taken possession by the only and ^{more} houses
have been purchased by the only in the Court sale
for houses but no default in the payment
of ^{arrears of} municipal ^{taxes} to the extent of Rs 350/-
due by them since the year 1926-27 All the
required formalities are stated to have been
observed before having recourse to
Coercive action and all possible opportunities
were afforded to them to clear the arrears.

In view to provide sanitary
sites to the Adijambharas of the places, who
were dispossessed of their houses, the only
has acquired land in s no 79, 80, and 81 of
Behamalpura, Nanjangud town at a cost of Rs 1060-3-0.

Order of the Government & the Adijambura of
 (129) Mangajud for relief against the
 non payment of municipal taxes

Serial
No

The local officers and the Dirg p. H are of opinion that the site selected is suitable for the purpose. The two sites are proposed to be given away, free of cost. The mdy is also forewared to give them other facilities such as lighting facilities, water facilities and Conservancy facilities.

g But the Adijambura residents of the place have been representing that the plot of land acquired by the mdy for their extension is not suitable and they prayed that the land belonging to Mr. Thimmie Gowda near the Chamaranagar toll-gate at the place may be acquired for them. But this land is stated to be in proximity to wet lands and sub channels, which make it less healthy.

But the D.C. & the S.D.O consider that the attitude of the people is unreasonable and is based on the instigation of some interested persons.

'V' The sub Council has resolved on 31/5/42 that the land belonging to Mr. Thimmie Gowda is not suitable for the purpose and that the Adijamburas should shift to the plot already acquired for them.

As per order that these people might be induced to give up their present insanitary dwellings near the Muslim burial ground and that they may choose a more sanitary and suitable place, the D.C. suggests that a Cash grant of Rs 25 may be given

from the D C Mysore Dt.
Letter no D₂ C 3770/41-42 dated 3/5/1943,

furnishes the information called for
the proposals of the Municipal

Council (Nanjangud) as follows:-

(1) To grant bits in the place mentioned
to the 60 Adijambavara families, free of cost

(2) To reserve bits for the location of
a temple, school building and tank

2 To write off the areas of taxes
due by the people and to permit them
to take the materials of the existing structures,
free of cost -

Evidently the Municipal Council are
not in favour of granting any monetary
help. The D.C. has also stated the
actual amount of areas to be written
off. This will be ascertained in the first
instance

11/5

After careful consideration,
the Nanjangud Municipal have
proposed to grant the following
facilities to the Adijambavara
at the place
1) grant of bits, free of cost,

in the newly laid out colony, as shown in the sketch. Sites to be set apart for a school, a chowk for Ramana mandir & sheds for shoe-making.

2) The Adigumbars to be permitted to take away the materials of their old houses now in their possession so as to enable them to build houses in the new colony.

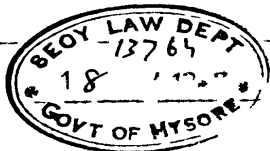

3) To write off the introductory arrears of taxes due on the existing structures.

The Adigumbars have agreed to these proposals & the Special Men for Depressed Classes has also commiserated them of the desirability of shifting themselves to the new colony.

The above proposals may be approved. The M.C. is not in a position to pay any monetary help to these families and Govt need not perhaps press this point, as it is a matter for arrangement between the M.C. & the Adigumbars.

With reference to your Demi-Official letter No

L 12095 dated the 29th June 1942 calling for a report on the petitions presented to the Dewan and the Local Self-Government Minister by Mr Chamiah and other Adijambava residents of Nanjangud Town complaining against the Municipal Authorities for having taken possession of their houses for non-payment of Mohatarfa taxes, I have the honour to forward herewith, in original, the connected papers received with Nanjangud Sub Division Officer's letter No H C.131/41-42 dated the 2nd July 1942. The letter of the Sub Division Officer, sets out the facts of the case fully. The petitioners have taken up a most unreasonable attitude. I have inspected the land acquired by the Municipality at a heavy cost for providing free sites to these people. It is an ideal site for an Adikarnataka Extension from every point of view. It is quite close to the Mysore-Nilgiri Road and immediately to the North of the Nanjangud-Hullahalli Road. The Municipality is prepared to provide them with every amenity including lighting and water-supply. I have also inspected Thimmegowda's land favoured by the petitioners. It is below the Hullahalli Channel close to the Muslim burial ground. From the sanitary and other points of view, it is undesirable to allow the petitioners to build houses there. Nor, is the site near the Chamarajanagar Toll-Gate.

- 2 -

now selected by the petitioners, any better. In this locality, all the lands are wet lands under the Narasambudi tank or the Hullahalli channel. As it is, the approach to the Town from the Chamarajanagar side is unsightly. In the interest of the Adijambavas themselves, it seems undesirable to permit them to settle there. There is reason to think that the petitioners had at one time agreed to shift to the site acquired by the Municipality. Apparently, they have been subsequently set up by some interested persons posing themselves as their well-wishers. It is unfortunate that the petitioners are both credulous and superstitious. Some mischief-maker seems to have put into their heads the notion that they would not prosper in the site selected by the Municipality. In my opinion, there is no justification whatever to call upon the Municipality to put itself to the unnecessary expense of acquiring a new site merely to allay the unreasonable fears entertained by the petitioners. Most of the petitioners are poor and I think a little monetary inducement might succeed where every other form of inducement has failed. I would suggest for the consideration of Government the desirability of giving a cash grant of Rs.25/- to each family on condition that it should build a tiled house. In addition, I propose to sanction Rs 15/- worth of building materials to each family.

The two petitions are returned herewith

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,

with reference to your letter No L 1480/Ml 119-41-205 dated 1-8-1942 on the above subject, I have the honour to state that the President of the Municipality, in his letter No. HC. 131/41-42 dated 24th September 1942 (Vide Copy enclosed) reports that the Municipal Council in their ordinary (General) meeting held on 29th August 1942, have resolved that owing to its present financial stringency, it is not possible to provide any amount for the construction of houses to the Adijambavas in the new sites allotted to them. The President, first persuaded them to shift themselves to the new sites, but his efforts were of no avail. The Special Officer who has been appointed for the upliftment of the Adikarnatakas in the Mysore District also made a spot inspection of the place acquired for the purpose and the one proposed by the Adijambavas. He fully convinced them about the insanitary and unhealthy condition of the present place and induced them to shift themselves to the newly formed extension. They finally gave their consent to do so. The report of the Special Officer and the statement obtained by him in this behalf from these people expressing their willingness to act up to the instructions of the authorities concerned are herein enclosed. It is stated that there are 60 families and three temples in the locality. The Special Officer reports that the following provisions have to be made in connection with the proposed shifting

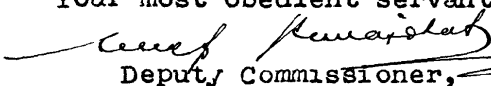

- i) Retention of two temples, out of the above three,
- ii) Reservation of sites for a school building, Ramamandira and a Chavadi
- iii) Construction of a tanning shed a little away from the dwelling houses as all these people are shoe-makers by profession

The Municipal Council again took up the question at their ordinary general meeting held on 31st March 1943 for consideration with a revised plan clearly showing the location of the building sites to all the 60 families and also separate sites for temple, school-building and Industrial Development, such as shoe-making Industry, etc. The Special Officer, also was present at the time of the meeting and he was convinced of the location of the site plan. The Council have finally resolved that the sites as shown in the enclosed plan be given free to these people and for the construction of the temples and that they may be permitted to take the materials of the existing structures free of cost. They have also further resolved that the outstanding arrears of taxes due on the existing houses in the present Colony be ordered to be written off

Copy of the resolution of the Municipal Council together with the revised plan and connected records are herein enclosed

I request you to kindly obtain sanction of Government to the resolution of the Municipal Council and communicate the same to this office at an early date.

Letter No H C 131/41-42 dated 24th September 1942 from the President, Town Municipal Council, Nanjangud, to the Deputy Commissioner, Mysore District, Mysore

Subject - Grant of facilities to the Adijambava residents of Nanjangud Town

With reference to your letter No D3 Q 3770/41-42 dated 7-8-1942 on the above subject, I have the honour to state that the Municipal Council in their ordinary general meeting held on 29-8-1942 have resolved that owing to its present financial condition, it is not possible to provide any amount for the construction of huts to the Adijambavas in the new site allotted for them. I beg to bring to your kind notice how the Council had no other way but to come to this conclusion

There are on the whole 33 khathes in the locality comprising of 55 occupied houses, 5 vacant sites and three temples. Out of these, 28 houses and 1 vacant site have been in the possession of the Municipality while the remaining houses continue to be in private uses. Suits have been filed in respect of 10 cases

On 29-8-1942, when I inspected the locality the Yajamans of the keru expressed their unwillingness to shift to the place selected for the purpose. They expressed their willingness to repay all their dues with court costs and ~~to~~ get permission to remain in the same locality. Though I clearly explained to them that each family would be helped by way of building materials at the time of construction of their houses in the newly selected place and that they would immediately vacate their old houses, already taken to the possession of the Municipality, they did not give way. Even upon explaining to them that the Government are interested in the welfare of their community and desire to provide all facilities for their well being and insisting upon their shifting themselves to the new place without further obstinacy, they said that they are prepared to abandon their huts and temple and go abroad (Desanthara) but never to the place allotted to them

There are a few more points of consideration which might have been brought to your kind notice by the previous Council

The sites provided in the new area for the adujambavas are only 40, whereas, there are nearly 60 families claiming independent living. So, not only those that are homeless now but the remaining families also expect the same facilities in the construction of huts in the new area in addition to what they might get in the form of compensation while their huts are acquired, the huts that are not worth the cost of demolishing them and partial evacuation of the keru does not solve the problem

The adijambava keru though it appears to be in the middle of the town is in fact on the border of the populated area in the Municipality. The area of the adijambava keru is neither paying nor of any use when is evacuated. When these ugly huts are demolished the kabarsthan comes to view. Not as an argument but as fact, I beg to put before you, that the adijambava keru is one of the insanitary localities in the Nanjangud town and not the only one

So, before we think of forcibly removing the inhabitants of the neglected and unhappy keru from their long attached houses and temple, I wish to place all facts thread-bare before you and await your instructions in the matter.
